

Remote Deposit Capture

DirectLink Merchant (DLM) Remote Deposit Capture

DLM Remote Deposit enables you to securely and quickly scan checks from your office and deposit the funds electronically into your account, saving you trips to the bank. Conveniently accessed through Business Online Banking, DLM Remote Deposit features a responsive design allowing for a great experience across devices and multi-check mobile deposit.

Streamline your operations by accepting deposits across geographic regions, accessing real-time images, and/or capturing from mobile or desktop devices.

With DLM Remote Deposit, benefits include:

- **Convenience:** No more daily trips to the bank
- **Multiple Deposits:** No more waiting for all of your checks to come in, make a deposits as often as you like
- **Reduced Expenses:** Eliminates the cost and liability of regular bank trips, and reduces deposit preparation costs
- **Faster Clearing:** Remote Deposit speeds up the availability of funds and improves cash flow
- **Streamlined Operations:** Automates the process of creating deposit tickets and improves posting accuracy
- **Peace of Mind:** Ease and flexibility for daily deposits
